Business Setup in Dubai, *End to End*

Company formation, visas, PRO services, accounting and banking, with insurance and legal support alongside. One team on Sheikh Zayed Road, serving founders since 2000.

ABOUT OUR COMPANY

Your Trusted Partner *in Dubai*

The DBC team with our CEO, Ali Jasim, at our office in Burj Al Salam on Sheikh Zayed Road.

Welcome to Dubai Business Corporation (DBC), your trusted partner in establishing and growing a business in Dubai. We help entrepreneurs and investors turn their ideas into licensed, running companies in one of the world's most dynamic business hubs.

We simplify the government procedures and paperwork. Our work covers company formation on the mainland, in the free zones and offshore, trade licences, residence visas, PRO services, accounting and corporate banking, as well as personal matters such as family residence visas and utility registrations, each tailored to the person or company behind it.

Through our partner insurers we arrange health, motor and general insurance, so clients can protect their people and assets with confidence.

For legal matters we work with partner legal professionals licensed in the UAE, who hold themselves to the highest professional standards. We coordinate each file and keep our clients informed at every step, built on trust, transparency and continuous communication.

— OUR CLIENTS' GOALS

What Every Founder *Asks Us For*

Three things come up in almost every first conversation. Everything we do is built to deliver them.

01

Efficiency

Clients want the process finished in the shortest possible time, without procedural setbacks. We plan every step, anticipate the usual issues and handle each requirement promptly and accurately, so nothing stalls between one authority and the next.

A free zone licence typically takes **2 to 5 working days**. A mainland licence usually takes **1 to 2 weeks**, and residence visas a further 1 to 2 weeks after the licence.

02

Full Compliance

Our team makes sure your business meets every UAE legal and tax requirement from the start, with corporate tax and VAT registered at setup rather than months later. You operate with confidence and focus on growth while we handle the complexity.

The 0% corporate tax rate applies only in a designated free zone and only on qualifying income. VAT applies once turnover passes **AED 375,000**.

03

Transparent Pricing

Every cost is presented upfront with a line by line breakdown: each government fee on its own line, our professional fee shown separately, and VAT of 5% on the professional fee only. We keep a strict no hidden fees policy, so you always know what you are paying for and why.

Our online cost calculator prices your exact setup on screen before anyone asks your name. A **3%** card processing fee applies only if you choose to pay by online card link.

The UAE's visa for remote workers lets international professionals live in the UAE while keeping a job or freelance business based abroad, while enjoying the lifestyle, the world-class infrastructure and the tax advantages the country offers.
